PROFESSIONAL WORK EXPERIENCE

- 2020- Consultant, *Infectious Diseases and Global Health*, University of Chicago Medicine, Chicago, IL
Leader of qualitative research core involved in participant recruitment, interview question guide development, interviewing, and coding and analysis.
- 2017-2020 Research Coordinator, *Infectious Diseases and Global Health*, University of Chicago Medicine, Chicago, IL
Provided general research coordination for an NIH-funded study on nonmedical opioid use study, including leading the qualitative core, developing research protocols and IRB documentation, and analyzing collected data.
- 2017-2019 Program Evaluator, Umoja Student Development, Chicago, IL
Served as a technical resource for the evaluation of data from a restorative justice intervention at 10 public Chicago high schools, conducting interviews with school staff, managing databases, and assessing longitudinal performance metrics.
- 2013-2018 Program Evaluator, *Children's Trauma Assessment Center* at Western Michigan University, Kalamazoo, MI
Conducted semi-structured interviews with court officials and social workers and program evaluation services for a statewide, SAMHSA-funded child welfare intervention. Provided survey design and instrument validation, coordination of data collection, and analysis and interpretation of data in structured reports.
- 2016-2017 Research Coordinator, West Health Institute, San Diego, CA
Carried out semi-structured interviews with social services and healthcare professionals, addressing case management and care coordination practices for older adults. Provided general program coordination support and logistics management, including scheduling meetings and developing programming materials.
- 2015-2016 Grant and Program Administrator, *Sinai Urban Health Institute* at Mount Sinai Hospital, Chicago, IL
Developed and executed Institute's primary development and fundraising strategies, helping seek, write and review grant/funding applications. Facilitated *post* award processes, managing financial accounts and budget activities, and generated status reports for funders.
- 2011-2013 Epidemiologist, Henry Ford Hospital, Detroit, MI
Created study protocol and managed data collection team in the recruitment and retention of study participants for NIH-funded research (P01, R01 and R21) addressing primary prevention and management of various chronic diseases. Produced empirical reports on research findings, and prepared and analyzed results for publication in peer-reviewed journals.
- 2010 Health Coordinator for *Street-to-Home Program*, Common Ground, New York, NY
Liaised with community health providers to create efficient provider referral systems for medically-vulnerable homeless individuals in need of primary and specialty care services. Developed, led and evaluated comprehensive health education seminars which addressed wellness promotion topics, including healthy eating, physical activity and preventive screening.
- 2009-2010 Research Assistant, NY State Psych Institute Center of Excellence for Cultural Competence, New York, NY
Assisted in overall research project development and Center expansion and promotion efforts through federal grant-writing initiatives and systematic literature reviews. Conducted semi-structured interviews and focus groups with racially and ethnically diverse consumers of mental health services and their healthcare and social services providers.
- 2009-2010 Research Consultant, NYC Department of Health and Mental Hygiene, New York, NY
Developed training materials for patient navigators at local public and private hospitals and created and executed an evaluation plan addressing program performance.
